

**TARGET PERCENTAGES ONLY - NOT AN EXACT REPRESENTATION OF THE CURRENT EXAMINATION**

	<b>ABPS Blueprint Target</b>
<b>I.</b>	<b>13% - Core of Knowledge/General Plastic Surgical Principles and Techniques</b>
I.A	Wound Repair -- Principles and Applications
I.B	Flaps and Grafts
I.C	Microsurgery
I.D	Implants and Biomaterial
I.E	Special Techniques
<b>II.</b>	<b>5% - Plastic Surgical Aspects of Specific Related Disciplines</b>
II.A	Medicolegal and Psychiatric Aspects of Plastic Surgery
II.B	Anesthesia and Critical Care
II.C	Transplantation and Immunology
II.D	Pharmacology and Therapeutics
<b>III.</b>	<b>10% - Plastic Surgery of the Integument</b>
III.A	Anatomy, Physiology, and Embryology
III.B	Benign and Malignant Skin Lesions
III.C	Burns and Trauma
III.D	Congenital and Functional Problems
<b>IV.</b>	<b>33% - Plastic Surgery of the Head &amp; Neck</b>
IV.A	Anatomy, Physiology, and Embryology
IV.B	Congenital Disorders
IV.C	Benign and Malignant Tumors
IV.D	Trauma
IV.E	Aesthetic and Functional Problems
IV.F	Reconstruction
<b>V.</b>	<b>12% - Plastic Surgery of the Upper Extremity</b>
V.A	Anatomy, Physiology, and Embryology
V.B	Congenital Disorders
V.C	Benign and Malignant Tumors
V.D	Trauma
V.E	Aesthetic and Functional Problems
V.F	Reconstruction
V.G	Upper Extremity Aesthetic Surgery

**TARGET PERCENTAGES ONLY - NOT AN EXACT REPRESENTATION OF THE CURRENT EXAMINATION**

	<b>ABPS Blueprint Target</b>
<b>VI.</b>	<b>8% - Plastic Surgery of the Trunk</b>
VI.A	Anatomy, Physiology, and Embryology
VI.B	Congenital Disorders
VI.C	Benign & Malignant Tumors of the Trunk, Thorax, and Abdominal Wall
VI.D	Trauma and Reconstruction of Trunk and Abdomen
VI.E	Aesthetic and Functional Problems of the Trunk and Abdomen
VI.F	Aesthetic and Functional/Reconstructive Problems of the Trunk
<b>VII.</b>	<b>5% - Plastic Surgery of the Lower Extremity</b>
VII.A	Anatomy, Physiology, and Embryology
VII.B	Trauma and Reconstruction of the Lower Extremities to Include the Post-bariatric Patient
<b>VIII.</b>	<b>1% - Plastic Surgery of the Genitourinary System</b>
VIII.A	Anatomy and Embryology
VIII.B	Trauma, Reconstruction, and Functional Disorders
<b>IX.</b>	<b>2% - The Practice of Plastic Surgery</b>
IX.A	Patient and Office Management
IX.B	Research
<b>X.</b>	<b>11% - Plastic Surgery of the Breast</b>
X.A	Anatomy of the Breasts
X.B	Congenital Disorders
X.C	Benign and Malignant Tumors
X.D	Traumatic Breast Deformities
X.E	Aesthetic and Functional Problems of the Breast
	<b>100% - 400 items total</b>
